

## DELILAH'S XXV

Limited Edition

*Blended Scotch Whisky*

Happy 25th Anniversary, *Delilah's!*

Behind the bar at *Delilah's*, you will find hundreds of bottles of whisky from around the world, but not a trophy in sight. These are whiskies meant for drinking. Everything is open, or can be opened. You can drink your whisky any way you like, surrounded by a passionate community of people. And people from all over the world stop by to take up that offer.

To commemorate the 25th anniversary of the legendary Chicago punk rock whisky bar this summer, we have once again created a limited edition Scotch whisky in collaboration with owner and whisky enthusiast, Mike Miller.

The recipe for our second *Compass Box* homage to *Delilah's* was built around a small parcel of the original *Compass Box Delilah's* blend released in 2013 - a luscious, American oak-aged whisky that we aged in cask for a further five years. With this as a base, Mike suggested adding malt whisky aged in Spanish Sherry casks, also made of American oak.

The result is a delicious Scotch whisky with notes of vanilla and spice, and rich Sherry character. It's another incarnation of the shared vision Mike and I have for whiskies that everyone can appreciate and enjoy!
