

THE CIRCLE

BLENDED MALT SCOTCH WHISKY

Limited Edition

Sunshine in a Glass.

A vibrant Limited Edition co-created with Rosey Mitchell, the 2018 winner of The Circle, our global programme designed to inspire bartenders.

After impressing us with her skills and ideas throughout **The Circle** challenges, Rosey's prize was to create a blend with Compass Box founder John Glaser and whiskymaker Jill Boyd. Rosey wanted to make an approachable whisky to be shared with friends, something for the daytime, a whisky with brightness. She called it "sunshine in a glass."

The Circle is based around a parcel of fruity and creamy single malt from the Tamdhu Distillery in Speyside. This is supported by malt whisky from the Clynelish Distillery. A touch of peated malt whisky from an Orkney distillery and a small proportion of a French oak-finished blended malt whisky complete the recipe.

We think we've achieved exactly what Rosey envisaged. The whisky is bright and warm with a creamy softness. It practically radiates sunlight!

Made for sharing, this collaborative Limited Edition is an expression of the generosity at the heart of **The Circle** programme, and of who we are as a business.
